JN+A is an award-winning Architecture, Interior Design, and Construction Project Management firm serving the hospitality industry. Founded in 1989 by Jonathan C. Nehmer, AIA, ISHC, JN+A provides complete architecture, interior design, construction project management, litigation support and mediation, pre-construction services, lender's inspection and review services, and CAD animation support.

We have a diverse portfolio of hospitality projects and have designed and consulted for hotels, resorts, conference centers, casinos, and restaurants in the U.S., Asia, Europe, and throughout North and South America. JN+A's staff is diverse and talented, and includes licensed architects, interior designers, development executives, construction project managers, and owner's representatives. Our staff understands the entire design and construction process, and we combine our talents to provide our clients with total project management.

Currently licensed to practice in many states throughout the U.S., we are also certified by the National Council of Architectural Registration Boards for registration in the remaining states.

JN+A approaches every phase of a project with the highest degree of creativity, professionalism, and attention to the needs of our clients.
